---

Statistics and Econometrics

Undergraduate Economics

Paris, France

**IN HOUSE TRAINING** – Organisation for Economic Cooperation and Development

---

2013-2018 Management and Leadership courses

2003 Microsoft Access Databases, Visual Basic for Application, Excel

2002 Time Series Analysis

06/2006 – 07/2006 – Vienna, Austria

**CERTIFICATE** – International Atomic Energy Agency

---

Course on Analysis of Energy Scenarios and Energy Security Issues using IAEA's energy Model MESSAGE

## ● LANGUAGE SKILLS

---

**Mother tongue(s):** CZECH

**Other language(s):**

	UNDERSTANDING		SPEAKING		WRITING
	Listening	Reading	Spoken production	Spoken interaction	
<b>ENGLISH</b>	C2	C2	C1	C1	C1
<b>FRENCH</b>	B1	B1	A2	B1	A2

Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user

## ● ORGANISATIONAL SKILLS

---

### Organisational skills

---

- leadership - manager of team of 4 people at IEA
- project management skills - leading projects at consultancy and banking
- strategic thinking - experiences gained during updating of the joint annual questionnaire to match current needs of energy policy and system
- strategic networking - experiences gained during cooperation with other international organisations as well as internal communication withing IEA and Ceska sporitelna bank.
- developing talent - supporting my staff in developing their strength sides while mitigating their weaknesses

## ● COMMUNICATION AND INTERPERSONAL SKILLS

---

### Communication and interpersonal skills

---

- good communication skills gained during my career in consultancy and banking
- good negotiation skills gained during sales experiences in banking
- good presentation skills - presenting in front of various audiences ranging from students to ministers, government officials and CEO's
- diplomatic sensitivity - skill needed to work on managerial post at international organisation and successfully cooperate with other international bodies

## ● JOB-RELATED SKILLS

---

### Job-related skills

---

- achievement focus - always focusing on delivering agreed output while balancing the needs for quality, timeliness and available resources
- excellent knowledge of energy statistics ranging from methodology through data collection, validation to data publication - gained through my 10 years of experience in the field in the leading organisations
